

SMART SPIRAL ANCHORS

WK-DS 50

WK-DS 85

USAGE:

Spiral dowels are designed for attaching light elements and accessories to facades insulated with foam polyurethane panels. Thanks to their special threading, these spiral dowels can be easily and quickly installed by hand or with a cordless drill.

Anchor	Diameter (mm)	Length (mm)	Packaging (pc)
WK-DS 50	28	50	10
WK-DS 85	28	85	10
